

September 3, 1976

Mr. James E. Jenkins, Manager
Jenkins Diesel Power
1845 Blaine
Springfield, Missouri

Dear Mr. Jenkins:

This letter is to confirm our conversation on August 27, 1976, concerning the washing of trucks over a storm grate on the North side of your property. At that time it was explained to you that this is an apparent violation of City, State, and Federal Law. The wash water from this operation eventually enters Blaine street at the curb line in front of your building and into the storm sewer. During our conversation you stated that you had an inside grate, tributary to the sanitary sewer and that you would wash your trucks over it from now on. We appreciate very much your willingness to cooperate in this matter.

If we may be of any assistance or can answer any questions, please do not hesitate to call.

Yours truly,

Eugene Pabst
Water Pollution Control Inspector III
Surveillance & Enforcement
